## THREE SCENES FROM NOTED PLAYS ARE WELL RECEIVED

**CLUB'S SHAKESPEARE SECTION PRESENTS ENTERTAINMENT PERFECT IN DETAIL**

New laurels were won by the members of the Shakespeare section of the Tuesday Afternoon club at the entertainment presented by them yesterday afternoon at the Masonic Temple for the benefit of the clubhouse fund.

The auditorium was decorated with screens adorned with pepper boughs and carnations and daisies. Red geraniums and ferns banked the foot of the stage and pepper boughs were draped from the ceiling.

It was in this setting and with every seat filled that Miss Esther Ralston, announcer, and Miss Lois Naudain and Miss Catherine Guthrie, heralds, each wearing fancy costumes appropriate to their part of the program, entered the room and marched to the stage to music furnished by Miss Gertrude Champlain.

**Three Piano Selections**

The first number of the program was a group of three piano selections by Miss Gertrude Champlain, taken from music of Henry VIII, "The Morris Dance," "The Shepherd's Dance" and "The Torch Dance."

Miss Ralston then announced the first scene to be presented, which was the "Banishment Scene" from "As You Like It," Act 1, Scene 3, the characters being portrayed as follows: Rosalind, Mrs. Howard Ralston; Celia, Mrs. Colin Cable; Duke, Mrs. H. L. Clotworthy; Mrs. B. O. Holbrook, jester.

These parts were most impressively taken, the acting being all that could be desired. Beautiful velvet and silken costumes, which added much to the effect of the acting, were worn by the players of this and the other scenes.

Miss Ralston then announced Mrs. Laura Stephenson Spang, soprano, who sang most beautifully Jean P. Kursteiner's "Morning," accompa-

## JESSE SMITH WILL BE HOST TONIGHT

**SELLING OF 104 CARS IN ONE MONTH TO BE CELEBRATED; HOUSE PAPER ISSUED**

Tonight the salesmen and employes of the Glendale Ford agency will be the guests of Jesse E. Smith at the second monthly dinner dance at La Crescenta lodge in honor of their selling 104 cars during the month of April.

A house organ, "The Generator," of which Jesse Smith is publisher and William L. Alexander is editor, will make its first appearance this week. Any Ford owner can get their name on the mailing list by sending in their address.

Leonard Strawn, book-keeper at the Ford agency, returned from his vacation at Big Bear lake on Tuesday, bringing home an 18-inch trout which he presented to the office force. For the first time in his life he saw snow and was snowbound for two days in the mountains.

Oh, yes! The Fordson tractor which has been on display at the agency is gone. It is suspected that Tom Smith sold it.

## Two Autos Collide; No One Is Injured

Central avenue and Broadway was the scene of a near-serious auto collision Wednesday night at 8 o'clock. Mr. and Mrs. Alam D. Dunlop and daughter, Miss Frances Dunlop, of 302 West Burchett street, were driving south on Central avenue and J. A. Erskine of Eagle Rock was driving north. At Broadway the two machines collided with a crash which was heard distinctly two blocks away.

How the occupants of the cars escaped serious injury is a mystery and nothing short of a miracle. The Dunlop car was knocked into the curb on the east side of the street, the body badly broken, steering gear considerably damaged and fenders smashed in. Mr. Erskine's car lost a front wheel and had the axle wrenched out of line and had to be towed in. Mr. Dunlop managed to get his car off under its own power.

**VISITORS IN CITY**

Mrs. Fielding and Mrs. Sinclaire of 1226 East Lexington drive were Wednesday visitors in the city.

## PETITIONS BEING CIRCULATED FOR WEST BROADWAY CUT-OFF AND PARK

**Estimates of Cost of Both Projects Given Public and Signers Are Now Being Solicited**

Petitions urging the continuation of West Broadway across Central and the establishment of a public park in the space left by the cutoff which would result are in circulation today, in charge of J. S. Thompson, following the receipt by him of communications from T. W. Watson, city manager.

The communications from the city manager give the estimates of cost of both projects and they are published herewith in full:

"Mr. J. S. Thompson, 448 West Broadway, Glendale, Calif.

"Dear Mr. Thompson:—Complying with your request we enclose herewith copies of petitions to the board of trustees requesting that legal proceedings be taken for the opening and extension of Broadway west from the west line of Central avenue extending northwesterly to a junction with Broadway approximately two hundred feet west of the line of Central avenue as set forth on map attached to petitions.

"The committee appointed by the Chamber of Commerce to assist city engineer in appraising property required has estimated its value at $21,700. This we consider a conservative valuation. It should also be considered in this connection that this property at the present time is increasing in valuation. The district to be assessed for this improvement is also set forth on map attached to petition. It includes all frontage on Brand boulevard, Orange street and Central avenue between the north line of Colorado street and a line drawn parallel with and 150 feet north of Wilson avenue.

"There are 467 lots in this district. An average assessment of $50 per lot within this district would produce $23,350. This is $1,235 in excess of the estimate. This would probably be all required, however, for legal proceedings. The assessments would no doubt not be uniform. It is probable that some of the frontage on Brand boulevard and Broadway in the business center would be assessed at the rate of $100 per lot, whereas the assessments on the side streets within the district would, probably average $25. It should be clearly understood, however, that this is not an official assessment and that the figures given are only for the purpose of giving a general idea and not to set forth specific assessments on any of the lots included in the district.

"It also should be understood that the figures given above are based on the valuation of this property as estimated by committee, which valuation, of course, might be considerably higher when fixed by the court appraisers. It should also be understood that these figures do not include an yallowance for paving. The paving will be handled under sep-

## Intermediate School Defeated By Cerritos

A very peppy baseball game was played yesterday afternoon between Intermediate and Cerritos avenue schools, on the former's field. Both schools were well represented in players and rooters.

The Cerritos players were Richard Ryan, pitcher; Jack Hine, catcher; Robert Murphy, short stop; Cecil Brucker, first baseman, and other players were Charles Boring, Goldburn Danner, Lewis Moniot, Tyler Gibson and Ernest Marquello.

Intermediate players were Lionel Martinez, pitcher; John Lovell, catcher. Cerritos won with a score of 8 to 4. They had some wonderful team work and took advantage of mistakes made by Intermediate, while Intermediate lacked teamwork.

## Birthday Is Observed With Dinner Party

Mr. and Mrs. O. C. Stanley, 417 North Maryland avenue, entertained Friday night at dinner, Mr. and Mrs. C. Clanin, Othel Clanin, Marvel and Catherine Stanley and Clifford, Jr., and Edward Clanin, the occasion being the birthday of Mr. Clanin.

## Glen Eyrie Chapter Social Club Meeting

The social club of Glen Eyrie chapter, Order of the Eastern Star, is meeting this afternoon at Masonic Temple, with Mrs. Orma V. Naudain, Mrs. Sallie C. Braden, Mrs. James Wyvell and Mrs. S. A. Pollock as hostesses.

## Pepper Can! But Can It? This Pepper Can Canned by Comedian

"Pepper" said the sign on the can.

Jimmie Adams, who makes film comedies out on Verdugo road, believes in signs, more or less—less now.

For when he shook the can over a boiling cauldron yesterday, there was a flash of flame and the can was afire. The comedian's face was singed and Virginia Warwick, who plays opposite him, had a handful of her flowing tresses burned.

Seems that some weeks ago in another picture, to lend realism to a painted pepper can, some flashlight powder had been borrowed from the cameramen.

It looked like pepper, and it felt like pepper, but it didn't act like pepper.

## Evidence May Get Stale

Hens is hens, but the hen in this story is super-hen.

Lexie H. Allison of 428 West Maple avenue, who owns a paint store at 105 West Broadway, is the proud possessor of this fowl.

It is a Rhode Island Red, mothering a brood two weeks old.

This was what it did that seems astounding.

Four eggs were laid in two days.

"And I have the eggs to prove it," says Allison.

## Dennis Bennett Guest Of Old Time Friends

Dennis Bennett of 938 North Louise street was the recent guest of a group of former eastern neighbors and friends, among them being Hon. L. W. Emerson, who is an ex-congressman from Warrensburg, New York. The meeting of the old friends here was indeed a happy occasion, as Mr. Emerson and Mr. Bennett, were neighbors in their picturesque old home town from early childhood to middle life, when Mr. Bennett came to California.

Mr. Emerson was accompanied by his wife and several friends from Troy, New York, all of whom were on the last leg of a vacation tour which has taken them to practically every state in the union. Prior to coming to Glendale for a visit the party had spent several weeks at the large orange orchard at Lindsay, California, which is owned by Mrs. Emerson. The trip is scheduled to return the tourists to their homes in New York about the first of June.

## Mrs. C. H. Sternberg is Home From Hospital

Mrs. C. H. Sternberg of 3015 Rosalind avenue, who last week was removed from her home to the Glendale Sanitarium for a serious operation, is reported to be slightly improved, although she is still in a precarious condition. Her husband, who is one of the country's foremost archaeological professors, was called home when Mrs. Sternberg's illness became acute, arriving here from New Mexico Saturday morning.

Professor and Mrs. Sternberg are among Glendale's most recent arrivals, having arrived here from San Diego in March. For several years Professor Sternberg conducted research work in the southern city, where he was considered one of the few scientific experts on the coast.

## John Bender Is Busy With Research Work

Mrs. H. J. Bender of 407 Cameron Place reports that she is in recepit of a letter from her son, John Bender, who left Glendale several weeks ago on a scientific research expedition. He is now located at a camp in the mountains near Thoreau, New Mexico, which is thirty-five miles away. He is, in all sense of the word, living the life of a true backwoodsman; having little or no accommodations. His mail is received at Fairfield, a town about forty miles away, and is tri-weekly.

At present young Bender is engaged in collecting bones and fossils for an archaeological project which will last two months and take him through many of the middle western states.

## Miss Alice M'Coy To Return To Her Home

Mr. and Mrs. A. D. McCoy, 1127 East Wilson avenue, will leave Saturday for Maricopa, California. They will bring home with them their daughter, Alice, who has been teaching school there. They will make the trip by machine and plan to return Saturday night.

## Eastern Star To Hold Big Gathering In City

One of the stellar events to be given by Glen Eyrie Chapter, Order of the Eastern Star, is that planned for tomorrow night at the Masonic Temple. At this time the matrons and patrons of 1921 of the Eastern Star chapters of the southern jurisdiction, which numbers close to seventy lodges, will be entertained. Several grand officers will also be present. Other than the special guests invited the entertainment will be only for members of Glen Eyrie chapter and their immediate families.

Mrs. Orma V. Naudain, worthy matron of the local chapter and who has charge of the event, has arranged a very delightful program which will begin at 8 o'clock. This will include vocal selections by Miss Florence Rattray, piano solos by Mrs. John A. Legge, readings by J. J. Lichtig, and dance numbers by Miss Lois Naudain and Miss Margaret Brown. Following the program the guests will adjourn to the ballroom, where dancing will occupy the remainder of the evening. For those who do not care to dance card tables will be provided.

Miss Blanche Davenport, who will have charge of the decorations, is planning to have a color scheme of yellow and green carried out both in the lodge room and in the ball room. Scotch broom and ferns will be the predominating floral decorations.

## Miss Cynthia Rowland Bride of W. Schlitzer

A very pretty home wedding took place last night at the home of Mr. and Mrs. Van de Water, 411 North Isabel street, when her sister, Miss Cynthia Rowland of Missouri, was married to William Schlitzer of Davis, California. Rev. W. E. Edmonds, pastor of the First Presbyterian church, officiated.

The house was prettily decorated in pink roses and white carnations. The bridal cake was in pink and white and pink ice-cream was served.

After the ceremony the couple left for San Francisco and the bay district, later making their home in Davis.

## Louis Newman Visits James Rhoades Here

Louis Newman, former mayor and president of the Chamber of Commerce at Great Falls, Mont., who is now residing in Hollywood, was a guest yesterday of James M. Rhoades, secretary of the Glendale Chamber of Commerce who also hails from Montana. Mr. Newman is considering investing in Glendale income property.

## Mrs. Mary Shropshire And Daughter Honored

Mrs. Mary Shropshire and daughter, Miss Lillian Shropshire of 326 East Colorado boulevard, will be the dinner guests this evening of Mr. and Mrs. O. L. Kilborn of 217 West Lomita avenue. The honored guests will leave June 15 for an extensive eastern trip.

## NEW CONGREGATIONAL CHURCH WILL REPRESENT MODIFIED SPANISH TYPE

**Fine Structure to Cost About $60,000 and Will Be Erected at Wilson and Central Avenues**

The building committee of the Congregational church, of which Blake Franklin is chairman, the other members being Hartley Shaw, Charles B. Guthrie, Thomas White and E. D. Yard, met last night with Rev. C. M. Calderwood and presented tentative plans and a report of investigations made with recommendations as to certain details. This committee has been hard at work for some time visiting various churches and consulting architects.

The style of building suggested was a modified Spanish type, which would mean a building of considerable beauty and one especially adapted to Congregational uses, the approximate cost of which would be about $60,000, to be erected on the present site, corner of Wilson and Central avenues.

The plans include a large auditorium to seat about 750 people, adequate facilities for Sunday school rooms, committee rooms and also rooms for social purposes.

The church is very much in need of a building of this size as the present quarters are overcrowded at every service.

The committee is empowered to continue its work and will take steps to get more definite plans for the building and details.

## MUSIC CLUB PLANS DRIVE TO SECURE NEW MEMBERS

**AT LEAST 200 MORE NAMES ON LIST DESIRED; STATEMENT BY MRS. M. B. JONES**

At a recent meeting of the board of directors of the Glendale Music club, which was held at the home of the president, Mrs. Mattison B. Jones, it was voted to conduct a drive for 200 new subscribing members. The packed houses at each concert which has been given by the club has proven that Glendale citizens are ready for such an organization. The members of the board believe that the business and professional men, as well as the musicians of the community, should recognize an opportunity to form a permanent musical organization which will be a civic asset to this growing city.

Redlands, San Diego and nearly all the smaller cities have thriving musical organizations that bring to these cities the best artists available, as well as co-operating in all community affairs for the betterment of music in these cities. Santa Ana has a music association of more than 1200 members and Fresno has one of 1600 members.

**Statement by Mrs. Jones**

The following statement is made by Mrs. Mattison B. Jones, president, in regard to the work of the Glendale Music club and its relation to civic affairs:

"The relation of a musical organization toward the community involves responsibilities and duties, but the real problem is co-operation. No citizen can hold off from community interests and count himself or herself a faithful citizen of this great republic, nor can any live musical organization refuse to co-

## One Wife In City, And One In Country, Claim

SAN DIEGO, May 26.—By day, R. E. Rogers, electrician, of San Diego, with a wife installed in a city apartment.

By night, David H. Richardson, rancher, of Otay, ten miles away, with another wife on his turkey ranch there.

This was the double life of David H. Richardson, 36, former actor, until it was rudely broken up by deputy sheriffs, one wife jailed on bad check charges, and Richardson himself, forced to flee to Tia Juana. There he is safe, as there is no recognized government beyond the border to grant extradition.

Richardson told his city wife, Mrs. Rena Goodnight, that he was on border duty for Uncle Sam at nights. He told his country wife he was an electrician by days in San Diego. Thus he kept up the deception with both.

Later he told Mrs. Goodnight that he had a wife at Otay but that she was not legally married to him, having married her before the legal time after his first wife's divorce had elapsed. So the two went to Santa Ana and were married.

They planned a trip to South America. Richardson gave some bad checks for clothing, and the sheriffs took up the trail. He started for San Pedro by automobile with wife number two and when forty miles out they found they had left their passports. Returning for them, the wife was nabbed by officers, while Richardson fled to Tia Juana.

"I cannot imagine why he should have deceived me," said the Otay wife, who continues to tend the lonely ranch, alone.

"We were going to South America. I thought he loved me alone," says Mrs. Richardson-Rodgers-Goodnight, in jail facing check charges.

Richardson, at Tia Juana, says nothing, at least for publication.

## 'Peeping Tom' Is Being Sought By Authorities

"Peeping Tom" had better watch out.

He was reported last night at the W. L. Colton home, 111 South Central avenue. Mr. Colton is a policeman by profession. He knows how to shoot.

Mrs. Colton gave the police a good description of the intruder. He is young, slender and adorns his physiognomy with a mustache. He wears a soft black hat, brown coat and tan overcoat.

According to the report, he followed Mr. and Mrs. Colton's two daughters home and peered through the windows of their home.

When the police arrived, however, he had made his getaway.

A New York dancer has insured her legs for $125,000. Curious, isn't it, that while we hear much of insured legs, hands, voices, etc., one practically never reports the insurance of brains. Probably the rate would be prohibitive.

# MUSIC CLUB PLANS DRIVE TO SECURE NEW MEMBERS

**AT LEAST 200 MORE NAMES ON LIST DESIRED; STATEMENT BY MRS. M. B. JONES**

(Continued from Page 1.)

operate in community movements and be counted 100 per cent loyal to the club, to the community, or to the state and nation.

"Communities are made up of human beings, which are units in our great system of government. The betterment and upbuilding of the nation is done through the cities and towns first by a community spirit and action. Some one has said that a nation will never rise above the aspirations of its average citizens.

**Desires of Organization**

"It is not only the desire of the Glendale Music club to set a standard in the community for good music and bring it to all citizens who are willing to subscribe to the small admission fee and yearly dues, but to foster the art already existing in our community and to bring to the attentions of the citizens of this city the value of music as a business and a civic asset. The club also aims to assist artists in the community and to encourage teachers and pupils.

"The junior and juvenile auxiliaries of the club have awakened keen interest in the young people of Glendale, and each auxiliary now has more than sixty members, all interested in a wholesome, happy cause.

"The Glendale Music club is a part of the national federation of music clubs, and one of the chief aims of the federation is to make America the music center of the world; another, to make music useful in the civic life of America; another, to develop and promote American musical art."

**Teams and Leaders Chosen**

The following teams and leaders have been selected to supervise the drive for new members: Team No. 1, Mrs. C. A. Parker, Mrs. Warren Roberts, Mrs. Harriet Randall, Mrs. J. A. Wright; Team No. 2, Mrs. N. Rigdon, Mrs. C. H. Pendleton, Mrs. F. C. Ayars, Mrs. L. N. Hagood; Team No. 3, Mrs. H. R. Jackson, Mrs. John Legge; Team No. 5, Mrs. Spencer Robinson, Mrs. Calvin Whitting, Mrs. Leroy Bosserman, Mrs. Eugene Merman.

These teams will work under the direction of the president, Mrs. Mattison B. Jones, who has announced her intention of entertaining in honor of the winning team at the close of the drive, June 15.

## Hold Reception For New Church Members

At the close of the prayer meeting last night the congregation of the First Methodist Episcopal church gave a reception to the new members, those who have come into the church during this conference year. There was a large number of this class present.

At Dr. Crist's suggestion there was a general handshaking, everyone introducing themselves to the new members. A very pleasant and sociable time followed, and the First Methodist Episcopal church sustained its reputation as a friendly church where the newcomers feel at home.

Under the direction of Mrs. Charles Starkley an interesting program was rendered, consisting of instrumental music by Mrs. Rehberg and her cousin. Whistling solos, Miss Isabelle Isgrig; recitation by Mrs. Alice Payne; vocal solos, Miss Dorothy Peart. Encores were responded to by each performer. Light refreshments and another social time concluded a very successful reception.

## Annual Picnic To Be Featured For Circle

The Mutual Benefit Reading Circle held a very interesting meeting at the library yesterday with thirty-five members in attendance. Plans were made for the annual picnic which will be held June 15, and which will be carried out along the lines of a patriotic event, June 14 being flag day. Members of the circle were asked to come representing patriotic songs or in patriotic costumes.

The review, which was the fourth article on "Salvaging Civilization" (Wells), by Mrs. A. H. Brown. This was followed by a discussion of an article written by Dr. Stormzand of the University of California on "Woman's Career Outside the Home." Reading from the book, "Growing Up," was continued by Mrs. C. H. Crawford. In the afternoon Mrs. E. B. Moore continued reading from the book, "When Children Err."

## WEST BROADWAY IMPROVEMENT PROJECT ESTIMATES GIVEN PUBLIC BY OFFICIALS

(Continued From Page 1.)

arate proceedings and additional assessments will be levied therefor. The district for the improvement, however, will not necessarily be the same as the district for the opening.

"Yours very truly,
"T. W. WATSON,
"City Manager."

**Here Is Second Letter**

"Mr. J. S. Thompson, 445 West Broadway, Glendale, Calif.:

"Dear Mr. Thompson:—Complying with your request we enclose herewith copies of petitions to the board of trustees requesting that legal proceedings be taken to acquire that certain triangular parcel of ground at the southwest corner of Central avenue and Broadway indicated on map attached to such petition provided that Broadway is opened and extended along the southwest line of this triangular plot as proposed, and as also set forth on map attached to petition.

"The committee appointed by the Chamber of Commerce at our request to serve with the city engineer to appraise the property proposed to be taken for park purposes in this connection has estimated the cost of that portion of these lots respectively as follows:

"Lot 6, corner lot, $5,400 for that portion that is to be taken for park purposes and $600 for that portion that is to be taken for Broadway opening, making a total of $6,000 for the lot.

Lot 5, $3,800 for that portion that will be taken for park purposes and $1,700 for that portion required for the Broadway opening, making a total of $5,500.

"Lot 4, $2,250 for that portion to be taken for park purposes and $5,050 for that portion to be acquired for Broadway opening, making a total of $7,300.

"The total estimated value of the portion of these three lots proposed to be acquired for park purposes is $11,450. We consider this a conservative valuation of this property and, while we use it for the purpose of this estimate, it should be considered as conservative and consideration should be given to the fact that all this property is at the present time increasing in value.

"There are 495 lots included in the district proposed to be assessed to acquire this park site. The proposed assessment district as outlined on the map attached includes all the lots fronting on both sides of Orange street and Central avenue between the north line of Colorado street and the south line of Lexington drive together with those fronting on the north side of Colorado street, the south side of Broadway and both sides of Harvard street within this district, also all the lots fronting on Hawthorne street, Ivy street, Broadway and Wilson avenue between Central avenue and Pacific avenue including lots fronting on the west side of Pacific avenue.

"An average assessment of $27 per lot within this district would produce $13,365 which is $1,915 in excess of the amount estimated. A large portion of this, however, will be required to pay the cost of legal proceedings. It is probable that these assessments will be graduated to some extent so that the assessments on the property immediately adjacent to the park will be larger than $27 per lot and of course those near the outer edges of the district will be proportionately less.

"It must be distinctly understood that this is not an official assessment. It is merely a general estimate based on the estimated value of the lots as set forth above.

"Your very truly,
"T. W. WATSON,
"City Manager."

## Burbank Making Plans For Memorial Service

Plans are being made for Memorial Day services at Burbank. There will be services at the grammar school at 9 a. m. Monday. Before this time the services at Burbank have been considerably small, but this year they are planning a large program, a part of which follows:

Invocation by Father Leguyader. The speaker of the morning will be Rev. Thomas Stevenson, pastor of the Presbyterian church. He will be introduced by W. A. Blanchard. A medal for casualty will be presented by Major A. E. W. Yale, commander of the American Legion to Mr. and Mrs. Joseph Colton, parents of Harry Colton.

After the program the parade will form at the grammar school, marching down the boulevard to Verdugo street, where machines will be waiting to carry them to Grand View cemetery, where another program will be given. The parade will be led by fifteen or twenty of Curly Eagle's cowboys. They will be followed by Gregory's Marine Band of thirty pieces. Then will follow the National Guards in uniform, the American Legion and the Boy Scouts as a guard of honor for the G. A. R. There will be about fifty flower girls dressed in white from the grammar school, and they will be followed by the Burbank Choral club, Elks, Masons, Odd Fellows and other lodges.

The services at the cemetery are under the auspices of the G. A. R. From there a firing squad will go to Forest Lawn, where the body of Harry Colton rests.

## Too Much Waste In Club Work, Is Claim

CAMP CURRY, YOSEMITE VALLEY, Cal., May 26.—"There is too much waste in club work," Mrs. Edward Dexter Knight, chairman of the readjustment committee of the State Federation of Women's clubs, told today's session of the federation convention in session here.

Mrs. Knight was urging increased efficiency. She favored the appointment of a paid executive secretary to care for the business affairs of the federation.

Yesterday's pageant left a deep impression on those who saw it.

"The big thing about this pageant," declared Ralph Waldo Trine, noted author, "is the fact that so many club women have worked together in it from all parts of the state. The new spirit of the day is the community spirit."

"I am so touched that I can't tell you what I think," declared Ruth St. Denis, dancer. "But it has done wonders for the club women. It has taken them out of themselves.

"We are too self-conscious, too wrapped up in ourselves all the time.

"It will give the women a better sense of color, too. Our every-day clothes are hideous. We need to study the colors of nature just as one sees them here in Yosemite Valley."

Soap is held to be the antidote to bolshevism. But it must be used externally with water, not chewed, as by the revolutionist.

## Pythians Hears Report Of Grand Lodge Work

An enviable record for efficiency has been established by this year's chancellor commander, Emil E. Fram, of Glendale Lodge 331, Knights of Pythias, where everything moves like clockwork in the execution of its affairs. Brand boulevard and Park avenue is a busy corner when lodge meets Tuesdays at 8 p. m. and there is something stirring every minute.

This week Brothers Palmer of Oregon and Brooker of St. Louis, Missouri, were present and made eloquent talks. Joe Spence of Helmer lodge made a report on the proceedings of the grand lodge as did also Frey and J. E. Peters.

Everyone was very enthusiastic over the large number of new applications which were promised. The first class resulting from the special campaign will be initiated at a near date at which time the new orchestra is expected to be in line. The "Knight rank" will be put on at the next meeting.

J. Stanley Brown, newly-elected chancellor commander of the order, will speak at the annual memorial service to be held Sunday, June 5, 2 p. m., at Forest Lawn Memorial park.

## Celebration Proposed For Fourth Of July

The Burbank Chamber of Commerce met last night to plan for a big Fourth of July celebration to be held at Woodland Heights. About 140 business men of Burbank signed in favor of this celebration. Definite plans have not been made as yet, but they have started on some of the publicity and have the promise of Curly Eagle that a rodeo will be given with probably 100 riders, fifteen of whom are world champions.

A city will be built up and modeled after Los Angeles in 1852. There will also be a penny dance floor. The shouting slogan for this celebration is "The West with the Wool On." They are planning a very good time and a large crowd is expected to participate.

THE BREACH WIDENS

Palaces are being provided for our ambassadors in London and Paris. How can we expect London and Paris landlords to continue to love America?

## Chamber of Commerce Back Of Clean-Up Day

The Chamber of Commerce at Burbank is organizing to have a "clean-up" day this Saturday. They will clean up the weeds and trash along the boulevard from the high school to the Moreland factory. They will try and get the city cleaned up for Memorial Day and the Woman's club has promised to furnish eats for the good workers.

A 15-year-old boy made his first airplane flight in Pennsylvania recently when he took a trip hanging to the tailpiece of an exhibition machine. When the aviator took off with two passengers, the boy grasped the stabilizer and was carried along until the aviator noticed the youth and made a forced landing.

## 'Madonnas And Men' Is Featured At Glendale

A picture of fine sentiment and high ideals, "Madonnas and Men," is a fascinating compound of spiritual beauty and purely sensuous charm, seen at the Glendale Theatre. It is as romantic as a night dream of dark centuries long passed which takes on new meaning in the clear light of the modern day. Into this dream-like fantasy there is woven an up-to-date motive in favor of splendid womanhood. It is a dream setting forth some of the truest sort of truths, but in an entertaining way. It refreshes weariness of spirit for those who seek to escape from the narrowness of their lives, escape from themselves, hence it is true art.

The play's the thing; the eternal play that eases our hearts with the triumph of light over darkness. In real life we rarely triumph. Most of us fail, unable to cope with the overwhelming power of circumstances, or because our hopes far exceed our strength, hence stories like "Madonnas and Men" enrich and stimulate our dull lives. The play is well conceived by Carey Wilson and Edmund Goulding, the scenario worked out with skill by Violet Clark, all in harmony with remarkably artistic direction by B. A. Rolfe.

There is really five star performers, Anders Randolph, an expression of ruthless power, Edmond Lowe, an exponent of dawning enlightenment, G. von Seyffertitz, a remarkable type of humanity in revolt against ignorance and oppression, Raye Dean, exquisite example of pure and sweet womanhood, and Evan Burrows Fontaine has an ideal of enchantment and grace. There is always a support of fine types in the minor rules, notably Faire Binney, and a "chorus" abundant enough and capable enough for grand opera. The producers are prodigal in the use of true artists in every department.

This picture will be shown for the last times today, contrary to schedule and tomorrow Frank Mayo will be featured in "The Magnificent Brute." Of course, there always are other equally interesting features to round out the bill including Madame Clement's concerts on the organ. Clip your coupons from The Glendale Evening News tonight. Six consecutively numbered entitle the bearer to a free admission.

Spectacular fielding behind the loose pitching of Mogridge enabled Washington to beat the White Sox, 10 to 5.

## Rommel Construction Company Gets Big Job

In securing the contract for the Miles avenue school building at Huntington Park with a bid of $41,500, the Rommel Construction company with offices at 131 South Brand boulevard, Glendale, has taken the first of a series of big construction jobs, it is stated by officials of that company who are transferring their interests from Louisville, Ky., to southern California, where they have been in business before.

Peter L. Ferry, who has a subcontract for excavation, started work on the school site the first of the week and the Rommel company is now organizing its crews to go ahead with the construction. Mr. Rommel, Jr., in speaking of the successful bid, stated that it was due to a drop in the price of electrical goods with which they were familiar that caused them to lower their figure $475 the day before the estimates were opened by the school officials.

## Ever-Ready Heater Company To Enlarge

With signed California contracts alone calling for $2,000,000 worth of heaters, according to officials of the Ever-Ready Heater company that concern is now selling 50,000 shares of stock at $1 par to erect further units of the plant on the 4½ acre site purchased on San Fernando road, inside of the city limits of Glendale. The first unit will be started at once.

The Ever-Ready Heater company is a going concern which has been investigated by the Glendale Chamber of Commerce and their product has been found meritorious. A letter indorsing the manufactory's plans has been given the officers of the company who are substantial business men.

Watson & Company, dealers in investment securities, are handling the stock issue and have their salesmen in the local field.

## Three Residents Of City Among Graduates

A number of Glendale citizens attended the commencement exercises of the San Fernando academy on Monday night. Among the graduates were three of Glendale's young people, Volney Morton, Charlotte Jewel and Marjorie Kimlin. Also a former Glendale resident, Katherine Thomason, daughter of Dr. George Thomason.

Dr. H. R. Harrower contributed a vocal solo to the program. The principal, Prof. A. E. Hall, is a brother-in-law of Paul Mason, residing at 625 North Maryland avenue, Glendale.

## Man Killed In Plot To Hold Up Driver

LOS ANGELES, May 26.—One man was shot and killed and another escaped early today during a fight in Coyote Pass which followed their alleged attempt to hold up P. S. Valdez, a taxi driver.

According to Valdez' report to the sheriff's office, the two men, apparently foreigners, employed him at the Santa Fe station to drive them to Pasadena. When about half way through Coyote Pass the man who was killed drew a revolver and commanded Valdez to stop. Valdez leaped to the ground and the man followed. Valdez wrested the gun from his assailant and fired, killing him instantly. The other man escaped.

Valdez is being held pending an investigation.

## British Troops Break Up Number Of Riots

BELFAST, May 26.—Charging through fighting mobs and firing as they went British soldiers today broke up a number of riots growing out of the recent election.

There was fierce revolver fighting, particularly in Butler street, opposite the Catholic monastery of the Holy Cross. The disturbances were over a wide area.

## Famous War Ace Off On His Long Flight

REDWOOD CITY, Cal., May 26.—Leaving here at 4:06 a. m., on a two-day transcontinental flight, Captain Eddie Rickenbacker, famous war ace, was confident of reaching Washington tomorrow night.

"I'll make it sure," were his parting words as he stepped into his big plane.

"While there is a little fog over the coast I think that as soon as I cross the divide I'll be all right."

As the giant ship took off the motor roared and America's "ace of aces" waved goodbye to a small group of people who came to see him off.

While weather conditions here were not as good as the pilot wished for it is expected that after crossing the Rockies that the air conditions will be extra good. Late reports from Denver and points east said that flying conditions were ideal.

Rickenbacker hopes to make it to Omaha or Des Moines without a stop though head winds may cut down his speed so much that he will be forced to land at North Platte.

The ship carries 290 gallons of gasoline, enough to keep the Liberty motor going at top speed for about fifteen hours.

ENTERTAINMENT COMMITTEE'S PLANS INCLUDE ANOTHER EVENING OF PLEASURE

The White Star patrol team of the Glendale lodge of Elks, which meets for drill every Friday night under the direction of Captain W. C. Wattles, is planning another jolly evening for Friday of this week, beginning at 9 o'clock.

The entertainment committee, in charge of Art Griffin and Tony Gage, have made arrangements for a supper to be served in the banquet rooms of the club, and to be followed by a dance, music for which will be furnished by Henning's three-piece orchestra. This entertainment will be for members of the drill team and their ladies only.

**Drill Team Wins Honors**

The White Star drill team has won many honors for itself and recognition of the city of Glendale by the splendid showings which have been made at various conventions and competitive drills in which they have participated.

The members are hard at work now preparing for an exhibition drill, which they will give the night of the Elks' minstrel show on the nights of June 2 and June 3.

The team is composed of approximately forty members, thirty-five of which are active, the remainder being substitutes and honorary members.

## In Southern California

**Nurse Tries to End Life**

Miss Helen McCarthy, 22, a trained nurse at Long Beach, endeavored to end her life after her mother, Mrs. Bertha McCarthy, had died from the effects of an anesthetic administered by the daughter.

**Fishermen Flock to Beach**

Hermosa Beach attracted large throngs yesterday when word flashed through the Santa Monica Bay district that an unusually large run of halibut, mackerel and jack smelt had begun. Some of the mackerel were fifteen inches long. And they were of the corn-fed variety, too.

**Moral: Own Glendale Property**

While 100 feet of Glendale business property sells for $45,000, a whole block similarly situated in Santa Ana is bought for $60,000. With the population in both towns being about the same there seems to be no question about the advisability of investing in Glendale at this time.

**Ugh! Cold Bath Every Day**

A cold bath a day for thirty days is the sentence Steven Grape is serving in the Orange county jail as a result of Justice J. B. Cox's idea of punishment for a man who will not take a bath in Santa Ana. For those who would shake the dust from their heels in Santa Ana there are jail sentences for those who do not. So there you are.

**Strike Oil at Long Beach**

Oil is reported struck at Signal Hill, Long Beach, by the Shell company of California. As a result of the strike at 2745 feet, it is said that the beach people are flocking the prospect by the thousands today. More wells will be started immediately.

**Jars Jazz Music and Dress**

Jazz music and modern dress came in for criticism at the Southern California conference of the W. C. T. U. in Pomona Tuesday. All dancing, Mrs. Helen M. Stoddard, state president, is objectionable. "Purity is the greatest reform the world will ever see, and we stand for purity," she said, in closing her address.

**Aged Woman's Death Mysterious**

The police of Los Angeles are attempting to solve the mystery surrounding the death of Miss Catherine Feils, 71, retired wealthy Chicago business woman, whose body was found in the ocean near Santa Monica Sunday. Her body was identified by relatives.

Autopsy surgeons declared they found death had resulted from concussion of the brain. A three inch abrasion on the left side of the head led authorities to believe she may have been murdered and her body thrown into the ocean. They also declared it was possible the bruise may have been caused through the body being washed against rocks along the shore.

Relatives declare Miss Feils has been despondent recently and may have committed suicide.

An underskirt in which the woman is said to have carried considerable money was missing when the body was found.

Gunmen who barricade themselves in houses and fight Chicago police will now have to contend with a portable fort of armor steel which can be handled easily by two men. The shield is composed of two sheets of hardened steel, joined in an obtuse angle and with holes cut through to accommodate guns. It is rolled on big casters.

## Red-Blooded Citizens Required For Defense Country's Principles

Editor The Evening News:—The question has been legitimately asked, "Why are the Germans in America able to organize so thoroughly for propaganda work of the Fatherland? Why are the English, the Irish, the French and other nationalities able to organize in America for similar things while the oldest American stock does not seem to be able to do it, especially when the great importance of such a step is so essential to the maintenance of the principles and ideals upon which this country was founded?" Does not the recent government report on number of foreign born in America and California mean anything to you?

Outside of the society, Sons of the Revolution, standing for the earliest citizenship since the United States was founded, together with a few other groups that have, or still include as part of their requirements for membership, those whose families trace back to the Revolutionary War, no organized group of citizens represents this first period in the history of the United States and its ideals. There are many other patriotic bodies representing more recent events, but with one or two exceptions their membership and activities, considering the country as a whole, are limited.

Things have come to a sorry pass in this country, when some American citizens (?) attempt to keep alive by organized effort the ideals and policies of their former lands, ahead of the ideals of America first. This makes it necessary to call on all citizens who can to organize to defend and protect these principles this country was organized for against this foreign and un-American influence that is contaminating our ideals through organized efforts and through selfish group efforts to control the government for selfish or class aims.

**Are They Self-Satisfied?**

The great question therefore is, "Are those citizens of this country who are eligible and able going to sit back without affiliating with the society, Sons of the Revolution, thereby organizing themselves into an effective defending force of American citizens, representing the oldest citizens and ideals of this country, and thereby become as powerful as any of the 'hyphenated' American organizations? Or are they going to quietly decline, as the 'snugly' established and self-satisfied Romans and Greeks did, and allow the country to go into ultimate decay?" It surely will, for history repeats itself—or, are they going to arouse themselves, grasp this opportunity, and unite before it is too late, with that determined, red-blooded group of American citizens who know that only the principles and ideals of a representative form of government can succeed in America, and not a visionary government as so many theorists are seeking to make of this country?

If you are a loyal, red-blooded American; if your blood boils when you see and hear attempts to undermine or weaken our government; if you are a believer in the principles of freedom and not license, you must believe that all Americans who can should build up the necessary organization to withstand the intrigues and propaganda of those who place the interests of other countries, or group or class ahead of this country's best interests.

**"Makes Your Blood Boil"**

There should be little consideration for those who are willing, those who are trying to undermine our institutions and our government and country. Those who have sought the protection of our shores, our freedom and protection of law and order for their benefit, and those who have come here as visitors for personal gain and advantage, expecting later to return with wealth to their own country, such should no longer be tolerated in pouring the virus of their poisonous un-American ideals into our veins in their efforts to cut the throat of Uncle Sam and strangle this great nation that has given them this opportunity, an opportunity they fail to appreciate and which they never before experienced, and which exists in no other land.

If all this makes your blood boil with indignation, if you are 100 per cent American, show it by action! Do something at once. We offer the foundation upon which to build the greatest fighting force for the internal defense of our land. Shall the citizens of this great country whose families have been here longest lie down and say, "We are not as good citizens, not as virile citizens as those of more recent arrival, many of whom have not disassociated themselves as yet from the traditional and atmosphere of other lands." The older stock Americans must organize now into an active, direct action, defensive group. If hyphenated-American organizations are essential to this country we are in a sorry condition. If this is so then it is imperative that an "America - American Alliance" be created without delay. The society, Sons of the Revolution, offers the solution right now. Yours for action,

PIERSON W. BANNING.

To save the life of a penniless boy who was hurled into a small lake from the top of a coach on a speeding train, the Olympian, famous train of the Milwaukee railroad, took a siding while the engine returned to pick up the boy who was found badly bruised and unable to walk. ## Indian Uses Auto To Aid In Doing Murder

CORNING, Cal., May 26.—Renewal of an age-old feud between the Hoopa and Klamath Indians of Northern California was feared today following the murder of Oscar McCardie, a Klamath River Indian.

A Hoopa Indian whose wife McCardie is alleged to have stolen eight years ago, while McCardie was chief of police of the Hoopa Valley Indian reservation, is sought by authorities as the alleged murderer.

The killing was a strange combination of Indian stealth and modern efficiency.

The murderer drove to McCardie's home in a high class automobile. He left the car standing by the roadside and then hid in McCardie's barn.

The assassin lay in hiding until McCardie entered the barn. Then he leaped upon him, fired one shot into McCardie's chest and another into his neck, ran to the waiting automobile and sped away. A woman is said to have witnessed the killing.

Feeling was reported as running high among the Indians today as a result of the affair.

President Obregon, of Mexico, has ordered the return of all properties seized by past governments in Chihuahua, Coahuila, Tamaulipas and Nuevo Leon, including that of the Mormons in Chihuahua, tracts owned by Luis Terrazas and lands abandoned by Americans when revolutions broke out.

## Kansas Is Optimistic About Wheat Outlook

TOPEKA, Kan., May 26.—Kansas is still optimistic about its wheat crop.

Wheat growers of the Jay Hawker state declare they are used to having a "total crop failure" at this time of the year, but harvest a bumper crop in June and July.

Grain quotations advanced sharply on the Chicago board of trade the last few days due to reports of a drought in Kansas and Nebraska.

## Ten Dead In Fire Is Estimate Of Officials

DUBLIN, May 26.—With the smouldering and blackened ruins of the customs house here under heavy guard, soldiers and police searched the debris for additional victims today.

The number of dead resulting from the most spectacular effort of the Sinn Feiners since the 1916 rebellion was placed unofficially at ten. It was believed a number of additional Sinn Feiners, their escape cut off by Black and Tan police who responded to the emergency call after the rebels had fired the building, perished in the flames.

The colleges are doing a useful work. It is noted that two recent college graduates are among the batting leaders of the American league.

## Anti-German Leanings May Split Big Contest

NEW YORK, May 26.—International politics may put the Olympic games in the scrap heap when the committees get together in Laussan early next month to select the site for the 1924 games.

Germany looms up as the stumbling block that may split the nations, according to word reaching here from the other side.

France, which seems to be the favorite now in the race for the next world games, has come out with the unqualified assertion that she will not permit Germany to compete and will not allow her athletics to enter the games if the Germans are put back in the good graces of the committee.

England also is opposed to the reinstatement of the Germans. It is understood that the Germans, who were to have had the games in Berlin in 1914, are preparing to have their case pleaded by some of the neutral nations during the war and that they already have enough votes lined up to carry their objective if the American committee remains out of the controversy.

Belgium has also decided anti-German leanings.

nied at the piano by Mrs. Leroy Bosserman.

**From "Taming of the Shrew"**

The second scene to be presented was taken from "Taming of the Shrew." These character parts were taken as follows: Petruchio, Mrs. A. H. Montgomery, who most convincingly played the part of the contrary husband; Katherine, Mrs. Calvin Whiting, whose interpretation of the wife of Petruchio was splendid; Hortensio, Mrs. Walter Jones, who very ably took the part of mediator; Mrs. O. E. Von Oven very ably portrayed the part of Grumio and Mrs. Benjamin Holbrook's interpretation of the part of tailor was most clever; Vincentio, the elderly gentleman, was very well played by Mrs. E. D. Yard.

Mrs. Laura Stephenson Spang was next announced and most charmingly rendered a vocal solo, "Inter Nos" (Alexander Mac Fadyen), accompanied by Mrs. Leroy Bosserman at the piano. As an encore number she sang "In the Dark, in the Dew" (C. W. Coombs).

**Sleep-Walking Scene**

The last scene to be presented was the sleep-walking scene from "Macbeth," Act V, Scene 1, the parts being taken as follows: Lady Macbeth, Mrs. H. Ralston; gentlewoman, Mrs. Colin Cable; doctor, Mrs. C. L. Canfield, all of which parts were most splendidly portrayed.

Little Margot Buxton delighted the audience with her interpretation of the "Jester's Dance," and responded to an encore.

Tea and cake were then served to the guests, members of the Shakespeare section presiding at the tea tables.

Much credit is due Mrs. H. Ralston, who so kindly assisted Mrs. O. E. Von Oven, curator, in rehearsing those who took part, and also to the members of the cast whose untiring efforts made the entertainment the success it was.

## Latest Style Secret Is Revealed By–Man

NEW YORK, May 26.—The latest style secret — women are rouging their knees.

But, according to Sidney Brooks, who made this revelation today, it won't be a secret very long if the girls continue to wear 'em shorter and roll 'em lower.

Brooks, a former hair dresser in the czar's palace and now manager of the beauty parlor in the Waldorf-Astoria, said some of his feminine assistants had been called upon to initiate clients in the art of beautifying their knees.

"Some time ago, as the public is fairly well aware now, women began to roll their stockings below their knees," said Brooks.

"As skirts continued to grow shorter it became apparent, what with disclosures that result while sitting in the present conventional posture and crossing a windy street or boarding a taxi, as much attention should be paid to the knees as to the face—by the women themselves, I mean.

"Rouged knees are the result. The idea is to get just the faintest pink effect—a coat of rice powder, the slightest touch of rouge on the knee cap and a film of powder over that. I am informed the effect is quite charming."

## Alleged Slayer Of 5 Anxious To Be Tried

HONOLULU, May 26.—Mrs. Lydia Southard, held here charged with the poisoning of five men in Idaho and Montana, smiled today at the prospect of being returned to Idaho to face trial.

"I am anxious to go back," she told Deputy Sheriff V. H. Ormsby, who arrived Tuesday from Idaho to return her.

"Where do we go first?" she said.

"To Twin Falls," Ormsby replied.

"Oh, that's fine; I wanted to go there," Mrs. Southard replied with a smile.

Mrs. Southard has completely recovered from her recent illness physicians said.

Paul Vincent Southard, the alleged feminine "Bluebeard's" fifth husband, who is in the navy, stationed here, may not be able to accompany his wife to Twin Falls, owing to the non-arrival of transfer papers.

## Girl Insists Banker Is Guilty Of Crime

LOS ANGELES, May 26.—Pretty Erie Mullicane today remained steadfast in her charge that a prominent Missouri banker was the father of the babe she is alleged to have killed.

She is held in the Los Angeles county hospital charged with having strangled her nameless babe to death and hidden its body in a trunk. In the meantime Elmer McComb, president of a Lebanon, Mo., bank and prominent churchman, was reported en route to Los Angeles and further action in the case was delayed pending his arrival.

F. M. Sturgis, department of justice agent in charge of the case, said today that formal issuance of a warrant for the man involved had been deferred. The baby's body was found when a trunk in a storage warehouse here was opened several months ago. A dainty lace handkerchief was bound tightly around its neck. Physicians said it had been strangled to death.

Miss Mullicane was said to have admitted that she had killed the babe and hid its body soon after its birth. The child was born in a bare attic where Miss Mullicane said she was forced to seek refuge after her funds gave out. There was no doctor or nurse in attendance, she said.

Until a few days ago Miss Mullicane flatly refused to name the father of the child. Then she made an alleged statement charging the Missouri banker with betraying her.

According to the recent census, Germans lead all other nationalities in this country with a foreign-born population of 1,683,298.

## Ground Squirrel Does Not Lay Eggs, Ruling

SAN LUIS OBISPO, Calif., May 26.—The ground squirrel may be a pest, but it is not an insect, neither does it lay eggs.

Superior Judge T. A. Norton handed down this decision in the case of the county of San Luis Obispo vs. Samuel Thompson.

Harold V. Alley, county horticultural commissioner, filed a lien against the Thompson property to reimburse the county for money spent in eradicating ground squirrels which infested the place.

But the commissioner unfortunately failed to read up on his flora and fauna, principally the latter, and the lien contained the phrase "eradication of insect pests and their eggs and larvae."

Judge Norton decided the commissioner meant something else than ground squirrels and Thompson's bank roll is still intact.

## U. S. Marines To Stay In Domingo For Time

WASHINGTON, D. C., May 26.—The United States government has decided against a hasty withdrawal of its military occupation of the "black republic" of Santo Domingo, it was learned today. However, it is understood to be the intention of this government to withdraw the force of 2418 American marines as soon as self-government can be firmly established in the dominican republic. At present the little republic is under the authority of an American military governor and is without its own president.

The death of Alfred Wilson, 72 years old, five months after receiving a new set of glands, shows, as usual, that the operation was a complete success, but the fault was with the patient.

## To Our Friends and Patrons, The People of Glendale, Whom It Concerns:

Neither Glendale Theatre, nor any part of its property, either real or personal, which is owned outright and solely by us, has been sold; is for sale, nor has the sale of it or any part of it at any time been contemplated.

Glendale Theatre was built with a purpose, that purpose being to furnish the PEOPLE OF GLENDALE with a place of amusement SECOND TO NONE IN THE STATE, where, under the most favorable conditions, they may enjoy good music, clean entertainment, and THE BEST IN MOTION PICTURES.

However, conditions were made such that temporarily we found ourselves HELPLESSLY UNABLE TO OBTAIN SUCH PICTURES as we knew were positively necessary for the complete attainment of our ambitions—this in no way altered our purposes—IT SIMPLY DEFERRED THEIR COMPLETE FULFILLMENT.

## ANNOUNCEMENT

Through a mutually desirable arrangement we have effected a happy affiliation with THE WEST COAST THEATRES COMPANY, INCORPORATED, whereby GLENDALE THEATRE BECOMES A "FIRST NATIONAL FRANCHISE HOUSE" AND THE UTMOST IN HIGH-CLASS MOTION PICTURES IS THEREFORE FINALLY ASSURED AND FROM NOW ON WILL BE SHOWN EXCLUSIVELY IN GLENDALE THEATRE—this affiliation changes neither ownership, policy or management—on the contrary, it furnishes the final detail and places us in position to successfully carry out our original plan in its entirety.

Glendale Theatre, by this arrangement, becomes "a link in the chain" of the strongest amusement organization in the southwest already operating forty-six of the finest theatres in Southern California, including the KINEMA and AMBASSADOR theatres in Los Angeles, and the great house to be built at once at Broadway and Mercantile Place, and all pictures shown at these houses will be seen at Glendale Theatre. We take this opportunity of expressing our appreciation of the liberal support already accorded us, and if our efforts of the past seven months, under the most adverse conditions, have proven the sincerity of our desire to please, we state with confident assurance that from now on we entertain no fear as to your continued approval.

# LEAGUE PRINCIPLES GIVEN TO PUBLIC IN STATEMENT

**CITIZENS BELIEVING IN CREED OF ORGANIZATION INVITED TO BECOME MEMBERS**

The Good Government league of Glendale held an opening meeting on Tuesday night and it was decided that the declaration of principles as adopted a week ago should be given to the public.

It is stated that those approving of the principles of the organization may obtain membership cards by applying to the secretary, Eva Daniels, 324 West Colorado. Here are the principals:

"Believing it to be the duty of every citizen to take a personal interest in the affairs of the community in which he lives, so that a truly representative government may exist in accordance with the wise precepts of the founders of our nation, a group of citizens of Glendale have come together for the purpose of forming an organization to be known as the Good Government league, whose object it shall be to stimulate a deeper civic spirit and awaken in our citizens a greater realization of the importance of an intelligent understanding of the affairs of our city, and the need for their active co-operation therein.

**Seeks Full Registration**

"Whereas important city elections are held from time to time and many citizens habitually fail to register in time, and

"Whereas, according to law, all books of registration are closed for thirty days before an election; therefore, be it

"Resolved that this organization shall do everything in its power to encourage and facilitate a full registration of our voting citizens.

"Whereas it is the privilege as well as the duty of every American citizen to respect the Constitution of the United States; be it

"Resolved that the Good Government league of Glendale expresses itself as in favor of all measures in harmony with the Constitution of the United States, and correspondingly opposed to measures contrary to either the spirit or the letter of this great and fundamental expression of principles of American citizenship.

**Indorsement of Candidates**

"Whereas it is the belief of the founders of this league that the interests of our city can be served best by officials of such mental and moral caliber as will not be influenced by prejudice or factional partisanship; therefore, be it

"Resolved that the Good Government league of Glendale indorse only such candidates for the important offices of our local government whose qualifications and publicly stated attitude are in harmony with the above statement of principles; and be it furthermore

"Resolved that this organization go on record as standing unalterably for and actively working for a clean, sane and progressive city government.

## Evils Of Cigarettes Are Told To Youths

An interesting and instructive lecture was delivered to the pupils of the Intermediate and Cerritos avenue schools on Tuesday by Mr. Walton of Highland Park, under the auspices of the W. C. T. U.

"Burning the Boy" at the Intermediate represented a boy in cartoon being slowly but surely burned by the poisonous cigarette. An urgent appeal was made to the rising generation to help crush this evil.

"About one-seventh as much money is spent for education in the United States as is spent for tobacco annually," said the speaker. "Looking forward to the future let us protect and preserve the health of our boys and girls. They are the riches of tomorrow."

Poinsettias have been made to bloom earlier by shortening their daily exposure to light.

## Submit New Proposals To End Marine Strike

NEW YORK, May 26.—The executive committee of the American Steamship Owners' association was considering the new proposals prepared by Secretary of Labor Davis for settlement of the seamen strike. These proposals are understood to include a 15 per cent wage reduction with compromises in working conditions.

A statement issued by the executive committee alleged that "encouragement" which the leaders of the international seamen's union feel they have received from Davis has tended to prolong the strike. The union men replied that the negotiations had really benefited the owners, in that they had served to prevent the seamen from devoting their entire attention to the strike.

Union leaders have declared that if the present negotiations fail all conferences will be called off.

## Safety Signal Gates At Crossing Proposed

At the hearing between the railroad commission and the Casa Verdugo Improvement association, which was recently held at La Ramada in connection with the request of having the Pacific Electric tracks lowered on Brand boulevard at Stocker and Dryden streets, Commissioner Loveland spoke of the dangerous crossing at Brand boulevard and the Southern Pacific tracks. He stated at that time, according to H. H. Harris, attorney for the Casa Verdugo Improvement association, that efforts would be made to have safety signal gates installed at that point. Since the completion of the new Glendale boulevard traffic on Brand boulevard has greatly increased, and it is quite essential to the safety of motorists that such safety gates be placed at this crossing.

## Captain M'Cauley Gets Important Promotion

SAN FRANCISCO, May 26.—Capt. Edward McCauley, in command of the cruiser Baltimore, flagship of the Pacific fleet mine laying force, has been ordered transferred from Honolulu to San Francisco.

Captain McCauley has been appointed assistant commandant of the twelfth naval district. He succeeds Capt. R. E. Morris, whose shore duty period has nearly expired.

**PERMANENT PURPLE COLOR**

A United States consular agent in Costa Rica calls the attention of American dye makers to the existence, on the western coast of the little country, of a shellfish called the "nacascol." From this mollusk the natives obtain a greenish liquor in which they dip their rude cloths. Exposed then to the sunlight the cloths take on a beautiful and permanent purple color.

## Triumph Of True Love Is Theme Of Picture

The triumph of true love over false is the underlying theme of "The Forbidden Thing," Allan Dwan's first offering under the banner of Associated Producers, which will be the feature attraction at the Palace Grand theatre today only.

Abel Blake loves Joan, a pretty girl of Provincetown, on Cape Cod, and is ready to marry her when she is called away to nurse an uncle who is ill. No sooner has she gone than Abel falls under the evil spell of Glory Prada, a dance hall beauty. When Glory realizes that she can entrap Abel in no other way, she contrives to marry him. Unhappiness is the inevitable result.

Joan, when she learns of Abel's faithlessness, gives her hand to importuning Dave Whorf, a young fishing captain. Before a little boy is born to them, Glory runs away from the disillusioned Abel and casts her precarious lot with the owner of a small circus. Abel's mother dies of grief and Abel loses his standing in the community.

Dave, meanwhile, is drowned and Joan is left a widow. Glory, trying to stab her circus lover as the result of a quarrel, is shot and dies alone on the sand dunes.

Eventually, through a fortuitous circumstance, Abel and Joan are reunited. Abel is forgiven by the townspeople and, with the two children of Dave and the woman he has always loved, Abel settles down to a life of long-denied happiness.

A special comedy rounds out the bill while tomorrow Mary Miles Minter will be seen as "The Little Clown," in a benefit performance for the Colorado street school with a children's after-school matinee from 3 to 5.

**FEMININE PERVERSITY**

Even the woman who wants to talk all the time isn't satisfied unless her husband wakes her up long enough to say yes or no, now and then.

# Man-Power and Equipment That Mean Battery Service

**"We Are Closed Monday, Memorial Day"**

To guard against battery trouble Sunday or Monday, drive your car in Friday or Saturday.

PHILADELPHIA DIAMOND GRID BATTERY
With the PHILCO Slotted Retainer
THE "CORD TIRE" BATTERY

Guaranteed for 2 Years

Charles M. Schwab is credited with saying: "Give me the men and I can make or sell anything." It's Service that we have to sell. So we started out by getting around us the MEN that could make that Service mean something. Men who know their business, men who can show you that they know. Men who are farsighted enough to make an inexpensive repair when it would be just as easy to sell a new battery. Men who know that only by doing these things can they hope to win and hold the confidence of every car owner in town.

And these men are backed up by the mechanical equipment that makes their work a pleasure to them. This, too, means much to you as a car owner. It means minimum time where a repair is needed and a grade of workmanship otherwise impossible.

And it is a pleasure, too, in this business of ours, to be able to look our friends square in the eye and recommend the Philadelphia Diamond Grid Battery, Guaranteed for Two Years, by the manufacturers as well as ourselves.
